Local Briefs.

Election returns come in slowly.

R. H. Battle, Esq., left for the mountains yesterday.

W. C. Stronach advertises for oak, hickory, and other hard wood.

Betting on the election just past was not by any means lively here.

Work on the new Fair Grounds is being pushed forward vigorously.

No Norfolk *Journal* yesterday, and several applications from its subscribers for a loan.

Rev. Dr. Pritchard, of this city, has gone to Kenansville to commence a protracted meeting with the Baptist Church of that place.

Our old friend Pescud, of Life Insurance fame, went up to Asheville for his health, and took $60,090 worth of policies. It is needless to say he is much improved.

Two car loads of excursionists left yesterday morning for Greensboro, and returned last evening. They report having a very nice time, and all delighted with Greensboro.

The Board of County Commissioners were in session yesterday for the purpose of receiving the vote, but in consequence of no returns from Panther Branch, Little River, and New Light townships, adjourned to meet this morning.

A very fine silver tea service, worth several hundred dollars, is to be raffled off at Clawson's Art Emporium on Fayetteville street, August 15th. There will be some six or eight judges. Tickets $5 each. The service is on exhibition at Clawson's.

THE ELECTION IN THE STATE ON THE CONSTITUTIONAL AMENDMENTS.—We could get but little information from the State yesterday as to the result of the election on Thursday, on the Constitutional Amendments. From the large negro counties the report is not favorable for the Amendments. The negro vote in Granville, except at Henderson, was almost solidly against them, with but a small white vote. The same thing in Franklin, except at Louisburg, where some 300 majority was given for them. Halifax and Warren went heavily against. We fear the same result from the whole colored section.

We have heard but from one county in the West. Forsythe gave 500 for the Amendments. There was but little opposition in the counties West of Wake, and we think this fact will have secured the adoption of the amendments entire. Forsythe, politically, has about an even vote.

ELECTION RETURNS.—For general information we will state that the election returns must be made by the sheriffs of counties to the Governor, and when sent by mail must be registered. The returns will be compared by the Governor in the presence of the Secretary of State, Treasurer and Auditor, on the 1st Monday in December next, and if it should appear that a majority of votes have been polled in favor of the amendments, or any of them, the Governor shall make the fact known by proclamation, and the amendments so announced become a part of the Constitution.

A SUM.—The editor of the *Era* for some weeks past, in order to forestall the Workingmen's Journal, offered two columns of his paper to the workingmen of the State, with no takers. In his last issue he offers a whole page for the same purpose. The sum required is, at the present rate of decline, how long will it take the *Era* to become the working men's organ, and Major Hearne, the soft-handed son of toil, to become their son of thunder?

NOTICE.—We are requested to announce to those interested in the movement on foot to organize a colored military company in this city, that there will be a meeting in the Court House, on Monday evening at 8 o'clock. A full and prompt attendance of those interested is earnestly requested.

THE DAILY NEWS.

VOL. II. RALEIGH, N. C., SATURDAY MORNING AUGUST 9, 1873. NO. 142.

Who, pray, Hon. Martin Van Buren Gilbert, the newly elected member of the Legislature from this county, is about as little known in this city and Wake county as any other one man in it, notwithstanding the fact that he has been a resident of Wake county and the city of Raleigh since 1871. We were asked the question on the street yesterday by at least a hundred men, Who is Gilbert? He is a native of Pasquotank county, North Carolina, and is about thirty-seven years of age. He received such instruction as was imparted in the schools of the county town and the common schools until the age of fourteen, when he was put to the printing business. He was Postmaster in Elizabeth City in 1859; was Notary Public in 1866 and 1869; was elected a Town Commissioner, but declined; was Clerk of the Superior Court of Currituck county in 1870, by appointment of Judge Pool, which position he resigned; was one of the Republican candidates for the Senate in 1870 in the First Senatorial District, and was delegate on behalf of the printers to the Convention of the International Typographical Union, held in Montreal, Canada, during the present year.

He saw service on our coast as a Confederate soldier, in the expedition under Col. A. R. Wright, of Georgia, against the 20th Indiana regiment, and also at the battle of Roanoke Island, where he was captured and paroled. On being exchanged he was exempted from conscription as a printer, and he again went to "the case" here in Raleigh, until the Spring of 1863, when he went to Edenton, neutral ground.

He endorsed the Holden peace movement of 1863. Was a Union shrieker in 1865, and took an active part in his native county in the so-called restoration under President Johnson's proclamation. Since that time he has worked in the Radical harness. He was voted for as Chief Clerk of the House by the Republicans of the present Legislature and was defeated by Col. S. D. Pool.

Mr. Gilbert has resided in this city since 1871, working at the case as a journeyman printer, was close and steady, attended to his own affairs, let others alone, and this is why he is so little known. He is very popular with his fellow-craftsmen, who know him well, which is much to be said for him, and we must confess that though a Radical he is by no means a bad man. As long as we are compelled to suffer the affliction of a Radical representative, we would prefer Gilbert to the whole "kit and biling."

BLOUNT STREET.—The longest street in the city of Raleigh is about 3½ miles in length, or will be so soon as the contemplated openings are made—this is Blount street, in the Eastern Ward. Its southern terminus will be on the North Carolina railroad, and passing through the grove of Major Bledsoe, thence through the city to Mordecai's Grove and to the Raleigh and Gaston railroad, its northern terminus. With the exception of one small hill, that can be taken down at a small cost, it is level its entire length and will make a prettier drive than Hillsboro street.

The finest residence in the city, or even the State, that of Colonel Heck's, is on this street, and Captain A. B. Andrews, Messrs. Armistead Jones, Fab. H. Busbee and others are putting up fine and handsome residences on it also. The new Baptist Female Seminary, which in style and appearance would do credit to 5th Avenue, is an ornament to this street.

A glance at the "Bird's eye view of Raleigh" will show the great improvements on this street within the past few years, and also where the various openings have been made, that have added so much to its length. With the many improvements that is now going on, together with its natural advantages, Blount street will, in a very few years, be *the* street of the city.

THE COUNTY ANNEXATION DIFFICULTY IN GRANVILLE AND FRANKLIN SETTLED BY THE VOICE OF THE PEOPLE.—On Monday, the 4th instant, Capt. W. H. Ballard, the Commissioner appointed for that purpose, held the election to ascertain the sense of the people in that portion of the county of Granville which was proposed to be annexed to the county of Franklin. The result was 119 in favor of the annexation and 33 against it. The measure was carried by the vote of members of both of the political parties.

Says the Franklin *Courier*, after stating the vote: "We hope that our County Commissioners will at once take the necessary steps to complete the annexation, as it will add largely to the revenue of the county. We are informed that the measure met with very decided and active opposition from persons living in Granville county, but their efforts were without any effect, as the people embraced within the limits of the said territory were predetermined to act in accordance with their convenience and interest."

SUICIDE.—Blount King having become weary of the trials, troubles and tribulations of this world, concluded to try another, and to this end placed a loaded pistol to his head, and his object was soon accomplished. This, at Goldsboro, Thursday morning, August 7th.

King was a dissipated character, given to strong drink, and led an idle, consequently miserable life. He was also addicted to the habit of wife beating, and Goldsboro rumor has it that he was very cruel to his family. He attempted to take the life of his wife before putting an end to his own, but Mrs. K. seeing his intention, sought safety in flight, and by secreting herself in a neighbor's house escaped unhurt, though King made a diligent search of the house she was in, and would have killed her had he found her.

RECOVERED.—We were pleased to see on the streets yesterday Rev. A. F. Redd, editor of the *Biblical Recorder*, who has been confined to his room a day or two by a slight attack of sickness.

[Special Correspondence Daily News.

The Sea-side in Eastern Carolina—Beaufort and its Attractions.

BEAUFORT, N. C., August 8th, 1873.

Dear News: As I promised, I have tried to catch an item for you, but in the conflict between the interests of the institution which I represent and my original intention to take a little recreation so much needed, after six months close application to the work of organization, to fit me for a renewed and lengthy buckling to a vigorous effort to continue our well begun work to a complete success to the end of the year, (take breath and I will finish this long sentence) in short, I have failed to apprehend the well known fugitive, and the item is still at large.

I will content myself and console you by letting you know where I am, what I am doing, and give you and my friends a gratuitous piece of advice, which though unsought and unasked, may be, nevertheless, worthy of consideration.

In the first place, as the preachers say, I am here "by the way of the sea," where the breezes, fresh and pure from the old Atlantic "ever young" fan my cheeks and cool my body; where the din and dust of your noisy, dirty cities, town and villages don't stun the ear, blind the eye, distract the brain, nor fill the lungs with particles of "dust and ashes," (not yet fashioned into more beautiful forms and odors) so irritating and distressing; here by the sea-side where is heard the soft zephyr voice of the ocean breeze, as like the music of the mermaid it steals over the senses and greatly calms them into sweet repose. Here, where the louder demonstrations of the current wave of winds come and—well, blows your hat off in the mud and you have to climb over the balcony and get your cleaned boots all bespattered and spoiled, unless it be well secured by elastic string, or be pulled over your ears and thus kept on. Dear NEWS, this is a splendid place for the heated, worn-out, business-tired fellow citizen to come and cool off, or for the pleasure seeker by land or by sea to gratify "this craving of his nature." Talk about "Springs," &c., for me, give me the seaside for health, recreation or pleasure.

If you want to learn something of human nature, come down here. Here you will have models in all the phazes of human nature, from the stately representative of the good old days gone by, I am afraid forever, or longer time, to the more modern butterfly representative of more recent times, from the parlor to the dining room, the promenade, the ball-room or balcony tete-a-tete.

Can't you leave your paper mill, your type foundry, your click, click, clack, clack, clang, clang of your press going, and come down and take a sniff or two of "the salt?" It will do you good. It will exhilerate you. It will rebuild your manhood. It will recuperate you, set you up, compose you, prevent you going into and mixed into *pi*. You have tried it? Need no exhortation? Then be humanitarian, benevolent, charitable. Persuade your friends, look after the health and interests of your patrons—tell them about it. It will put them in good humor, they will be more patient with your dog-day editorials, they will live longer to continue their patronage, they will be better citizens, better christians, and will therefore die easier. If they want to know where to come, tell them to ask the polite boatman at Morehead to land them at the Atlantic House, where I am stopping, and they will find as good accommodations and as good fare as any where else.

For myself, I think there are many advantages here. The hotel has been recently refitted with new furniture. The "House" is built upon a hollow square place, facing the ocean. Nothing in front, rear or sides to obstruct or taint the pure breezes.

There are nice plank walks and promenades, free from sand and dust, where old and young may enjoy delightful and healthful exercises, undisturbed by drunken revellers and ribald song. Bathing houses are fitted up with plank bottoms, where the more delicate or more cautious may enjoy the advantages thus presented; fast sailing and well managed boats are always at hand to carry passengers, or on excursion parties, to the sea shore, when the less timorous or more venturous may try the *lifting, bouncing surf both. I don't like it.*

The table is supplied with oysters, scollops, soft crabs, and every kind of fish abounding in the sea and rivers—all fresh "alive and kicking," with sparkling eyes and ruby cheeks—well, something like that—eyes *are* bright, and *gils are* red, not dead or glassy, stiff and stark, characteristics of over land fish, ticketed *through*, pounded in ice perhaps, but weary travelers o'er many a weary mile e're they reach the markets of inland cities and towns by the railroad sides.

I must stop now. Certainly this is long enough. I may tell you something of what I have seen, and who are here at some other time—will only add that from now till frost is the best time for enjoyment and health recuperants for those who can not spend the whole season. Come and try it for a time.

A. D. C.

NARROW ESCAPE.—Yesterday morning, about 10 o'clock, a little boy, aged about four years, son of Mr. John Godwin, while playing about an uncovered well on the premises of Mr. J. P. Prairie, accidentally fell in. His younger brother, who was with him at the time, gave the alarm, and the little fellow was rescued. The well is thirty feet deep, with some five feet of water. Strange to say the child sustained no material injury.

NEW ORGAN.—Yesterday the new organ for the Person Street M. E. Chapel arrived. We are told that it is a fine instrument. It was purchased through the efforts of some of the lady members of the congregation, who deserve great praise for their exertions to forward the usefulness and interests of their church.

A MISTAKEN IDEA.—A general impression seems to exist with those that are interested that the Supervisors of the various departments of the coming State Fair, as published in the catalogue and premium list, are the judges of the articles on exhibition in these departments. Such is not the case. The Supervisors only have charge of the articles, to superintend their arrangement in the hall, &c. The judges will not be appointed till the opening of the exhibition, and then they will be selected by the Committee from those who will be present to examine the articles, and only those will be appointed who are capable of judging.

THE COUNTY ELECTION.—Returns from seventeen townships (official) gives Mr. Gilbert, the Republican candidate for the Legislature, (to supply the vacancy occasioned by the resignation of R. C. Badger,) a majority of 750 over Mr. Snow, the Conservative candidate. The three townships to hear from will reduce the majority to about seven hundred. The Republican vote was polled almost in full, while the Conservative vote in every township was slim. It is believed, however, that the majority against the amendments will not reach five hundred.

WE MOURN.—We regret, deeply regret, the defeat of our friend, G. H. Snow. We would have crawled over Rocky branch to the Lunatic Asylum snake-like, to have secured his election. We regret that Wake county did not vote for the constitutional amendments, but worse than all this, is the defeat of our old friend, Dave Lewis, for Magistrate in Panther Branch Township, and sadly we mourn. But for the triumphant election of Simon Hayes and Lon Stephenson in Swift Creek Township, we would refuse to be comforted, because Dave is not.

AND ANOTHER.—We are requested to state that there will be a meeting of the survivors of the Jeff Davis Rifles at Mr. Walter Clark's store at Pantego, Beaufort county, on Saturday, September 6th, 1873, at 10 o'clock. Steps will be taken at the meeting to supply the grave of their old Captain J. R. Carmer with a suitable tombstone.

"A full turn out to roll call is once more desired by many members of the old Company."

STATE OF THE THERMOMETER.—The Thermometer yesterday was as follows at Branson's Book Store:

At 9 a. m.	76
At 12 m.	89
At 3 p. m.	84
At 6 p. m.	81

NOON DISPATCHES.

New York Items.

NEW YORK, August 8.—Two of the crew of the steamship Class quarrelled. One was thrown overboard and drowned. The drowner was arrested.

The La Creole, from St. Domingo, lost her Captain by yellow fever.

A *Herald* special, dated London 7th, says that a Cabinet council was held this p. m. The discussion resulted in important changes in the present ministry. The Marquis Ripon and children and Baxter have resigned. The two first for private reasons.

Mr. Gladstone, in addition to the Premiership, assumes the Chancellorship of the Exchequer in lieu of Lowe, who assumes the House office.

Mr. Bruce is to be made a peer, and will succeed Lord Ripon as President of the Council.

Mr. Bonham Carter succeeds Mr. Baxter as joint Secretary of the Treasury. Other changes are expected in a few days.

John Bright joins the Cabinet as Chancellor of the Duchy of Lancaster. The Liberals lost an election to-day in East Staffordshire.

The Cubans of this city are preparing another expedition to land arms and ammunition on Cuban soil by the steamer Virginius. It is said that this will be the largest one yet attempted.

Articles of agreement for the boat race have been drawn up and signed by John A. Biglin, of New York, and Geo. Brown, of Halifax, for $1,000 a side. The race will be rowed at Halifax August 28th.

Whalley, a member of the British Parliament, who arrived in this city Wednesday, told a reporter yesterday that he came to obtain testimony favorable to claimant to the Tichborne title and estate. He says a man appeared in England about three weeks ago who had been steward on board the Asprey which picked up the boat from the wreck of the Bella, containing the claimant. He gave evidence of speaking the truth, and corroborated important testimony already given on the trial. He thought it advisable to come over and see if he could find the corroborative proof.

A gigantic swindle has been brought to light in the preparation for the sale of over nine thousand chests of damaged tea. The tea is a part of the cargo of the steamer Petersburg, wrecked off the Bermudas. The parties who bought the damaged tea at a government sale, have been drying and preparing it for some firm in a West street malt house, to foist it upon the market when a favorable opportunity is offered. The attention of the Health Board is directed to the matter.

Foreign News.

HAVANA, August 8.—The *Diario De La Havina* of to-day says that in regard to the telegrams announcing a decree annulling the legislation of the property of Cuban rebels, that it will not pronounce the new false for fear of misleading the public, but if it cannot accept it without official confirmation, the *Diario* thinks it impossible that the Spanish Government will decree the immediate return of their property to rebels and rebel sympathizers.

It says that the rebels have used a greater part of their resources in buying vessels and arms to carry on the war. A return of their property will send out new expeditions and prolong the struggle. It thinks that such action would be an absurdity and show a want of reason and patriotic sentiment on the part of the government. The loyal people of Cuba are making heavy sacrifices to enable the Government to sustain the increasing expenses of the war, and it is a great outrage to take a million or more out of the treasury in this way.

LONDON, August 8.—Debris has been found off the coast of Ireland, it is feared from the wreck of the Alabama, from Glasgow Saturday. No survivors from the wreck are reported.

Miscellaneous Items.

Bitten by his own Dog.

BRIDGPORT, CONN., August 8.—Patrick Hearty, a member of the police force of this city was severely bitten by his own dog last evening. The dog, which is supposed to have been mad, first attacked officer Jennings, who was in conversation with Hearty, but was beaten off with a club, it then flew at its master and seizing him by the cheek and neck, lacerated both in a terrible manner. The dog was immediately shot dead. Hearty's condition is critical.

DOUBLE ACTING FORCE PUMPS

KITCHEN BROS.,

(Successors to CAROLINA PUMP COMPANY, LOCATED IN RALEIGH,)

Are prepared to furnish at short notice the Kitchen Pumps of various sizes with Porcelain Cylinders which can't injure the water. This is a submerged deep well pump, now in use 2½ years without the expense of new packing. We make all sizes, capacity 30 to 150 gallons water per minute, working in every conceivable way and by the use of hose which can be attached in half a minute, these pumps at once become a hand engine of great power, throwing water on the roof of three story buildings, with one hand, and they will stand four to six men safely. We have not heard of one of them being overcome by fire, and yet they have been tested by over fifty fires, saving over $500,000 worth of property. For ordinary use children work them easily if set up by our printed directions, and if so set we warrant them 12 months. Our Double Suction and Force Globe Pumps, also invented by J. L. Kitchen, is capable of being used as a Drive well pump and is well adapted to steamers and vessels of any class; one man can throw water on the roof of 3 story buildings. But it has a double ended lever and with four men is a very superior hand engine. The No. 2 Globe Pump is 12 inches in Diameter with 1¼ suction and 1¼ discharge pipe and throws 40 to 100 gallons per minute according to speed. The No. 3 Globe, 7 inches in diameter, 1 inch suction and ¾ of an inch of discharge pipe, capable of 25 to 30 gallons per minute. These Globe Pumps we make of cast iron for common use, brass for salt water and block tin for the inside of hoses for drinking water, they lift the water 25 feet perpendicular, and you can sit it in the house and draw water from springs or wells at great distances.

All kinds of steam and water pipes fitted at short notice; hose, hose-pipes and couplings furnished here, &c.

Send for price list. The entire depth of wells with good references must accompany all orders.

Some few of these pumps have not given satisfaction but in each case it has been attributable to the maker and not the principle of the pump. We are now employing the best mechanics only, and are determined to have none other.

☞PARTNER WANTED.—Being unable to fill the orders that we already have, because of the small capital invested in the business, we will take in partners with money, or go into a stock company if desired.

CERTIFICATES:

I have used Kitchen's Pump nearly 12 months. I think it combines all the qualities of a good Force Pump.

GREENVILLE, N. C., April 19, 1872.

MR. J. L. KITCHEN—The pump you put in my well which is thirty-two feet deep, I have been using nearly two years; it has proven entirely satisactory, and by attaching a hose which I got of you it becomes a local fire engine of invaluable service. For ordinary domestic purposes, the pump can be used by small children.

T. R. CHERRY.

TARBORO, N. C., Feb. 7, 1873.

JOHN L. KITCHEN, ESQ—

Dear Sir—I have had one of your Force Pumps in use for two years, and it has proved in every respect as you represented it and I would not be without it for twice the cost of it.

Yours respectfully,
R. A. [illegible]

GREENVILLE, April 19, 1872.

MR. J. L. KITCHEN—

Sir—I have been using one of your pumps driven from my steam engine, for supplying my tanks. I have used it continually for two years, and can confidently recommend it for any purpose where water is required. The pump is so constructed that it will last without getting out of order for years, and I have heard no complaint from any of your many pumps used in this locality for yard well pumps.

WM. S. BROADDUS.

John C. Gorman and W. C. Stronach, of Raleigh, give certificates stating that they have had the pump in use one and two years, are perfectly satisfied with it, and it has not cost them one cent for repairs.

Messrs. Wilson and Waddell, at Wilson's Mills, on the North Carolina Railroad, write that the No. 2 Globe Pump, with 150 feet of 1¼ inch hose, purchased from the Messrs. Kitchen to protect their mills and sash and blind factory against fire, is the best pump they have ever seen. They will buy another as soon as it can be made, for another well. Several parties have examined their pump and will buy others like them. aug5-D&Wtf

SATURDAY.....AUGUST 9, 1873.

VIRGINIA--ON TO VICTORY!

The Richmond Conservative Convention did its work most gloriously.

The announcement made by telegram when the Convention first met, that there was a bitter feeling between the friends of the two most prominent rivals for the nomination--Kemper and Withers, proved by the subsequent proceedings to be without any foundation.

As soon as it became apparent that Kemper was the choice of a large majority of the delegates, General Early, who was the leader of the Withers party, moved the unanimous nomination of Kemper and the motion was carried amid the wildest enthusiasm and applause.

The next day Col. Withers, who had received a very flattering vote for the Gubernatorial nomination, was nominated for Lieutenant Governor and accepted the position in a most patriotic and eloquent speech. As he entered the hall to accept the nomination, he was greeted in the most enthusiastic manner, the Convention *en masse* rising and cheering him to the echo. At the conclusion of his noble and thrilling address, the enthusiasm of the Convention knew no bounds, and the applause was long continued and deafening.

Hon. Raleigh T. Daniel, one of the ablest and most distinguished lawyers of the State, was then nominated for Attorney General.

With such names as Kemper, Withers and Daniel at the head of the State ticket, the Conservatives of Virginia will, in November next, march forward to an assured, glorious and triumphant victory. The Convention which brought out these candidates was composed of intelligent and distinguished men from every section of the Old Dominion. The speeches that were delivered during its deliberations were of such a character as to carry conviction to the minds of all who heard and read them that the true men of Virginia are terribly in earnest in the present contest, in their efforts to save their noble old Commonwealth from the perils and disgrace of Radical ascendancy.

The canvass begins under the most aupicious circumstances for the Conservatives. From this day forth until the contest is decided there will be no rest for Radicalism in Virginia.

Onward to Victory! will be the watchword of [illegible] ing the gallant struggle to preserve the State from the devastating tread of the dark cohorts of fraud and corruption, of rapine and plunder, of oppression, cruelty and lawlessness; in a word, of ruin and Radicalism.

GEORGE H. SNOW, ESQ.

The honest people of Wake county owe a debt of gratitude to George H. Snow, which merits their prompt acknowledgment.

At considerable expense and a total loss of time from the practice of his profession for more than a month, Mr. Snow undertook the canvass of the county. In the face of the large Republican majority, with unflagging zeal and unusual ability he faithfully performed his work. Great apathy existed among the Republicans of the county, and the prospects of his election were at one time very encouraging. Without the money and organizing power of Sheriff T. F. Lee, the Republicans of Wake are weak, and Sheriff Lee was in Western North Carolina. Mr. Snow, with a full knowledge that his own election was greatly dependent upon the absence of Lee, yet felt it to be his duty to open the eyes of the tax-papers of the county to their true situation, and therefore unsparingly denounced the transactions of Sheriff Lee in regard to the finances of of the county, as exposed in the recent letters of R. W. Wynne, published in the RALEIGH NEWS.

The result was that the Sheriff hastened back to Raleigh. Night and day his runners rushed to every corner of the county, stirring up the old party prejudices of the negroes and impressing upon them the duty of voting. Their passions were excited; their votes secured and Snow defeated by a large majority. Without the active assistance of Lee, Gilbert might have been defeated; with it, he has triumphed.

Mr. Snow patriotically sacrificed his own prospects rather than remain silent in the presence of what he believed to be official wrong and malfeasance. And although he lost his election, his canvass has not been without good results, which in due time will be seen. The condition of the county finances has been brought to light and heralded from Middle Creek to Little River. The eyes of the people are opening, and faint glimmerings of a better day are beginning to be seen.

In his defeat Mr. Snow deserves the esteem of every good citizen of Wake county.

The handsome thing was done in the Conservative Convention at Richmond, when the gallant Withers after his defeat for the first place on the ticket, gracefully accepted the nomination for Lieutenant Governor, thus banishing every cause for dissension in the Conservative ranks and exciting a *furore* of applause.

NEW YORK TRIBUNE vs. DANBURY REPORTER.

In the New York *Tribune* of August 4th, we find the following handsome tribute to one of our weekly State papers—the Danbury *Reporter*.

Our friend of the *Reporter* ought to be grateful for this mark of appreciation from one of the ablest and most extensively circulated journals in the United States.

The *Tribune* says:

"The leading article of the Danbury (N. C.) *Reporter* for the 24th ult. is one of the most striking specimens of breathless confusion, astounding punctuation, typographical independence and orthographical novelty which ever came under our notice. We give it precisely as we find it: "Our stock of news this week is quite light—our Jail doors are still standing open—the Jailers family have gone to Piedmont Springs—we have a case of *Measels* in town with the prospect of their spreading through the place—our Sheriff is on his round collecting taxes—new arrivals daily at Piedmont Springs—a gay time is anticipated—the Ten Pin Alley ready for use in a day or two—the Billiard Table was completed on Saturday last, such a thing was never seen in these mountains, it excited the curiosity of very grave people, it was near midnight before the tallying stopped, we have not learned who took care of the stakes, the Ball Room opened on Tuesday night with a Gay Hop." We have written many leaders, but never one containing such a quantity of various facts as this—never one which summed up with such masterly completeness and impetuous celerity the principal events of the week."

FATE OF THE CONSTITUTIONAL AMENDMENTS.

It will be several days before complete returns are received of the vote on the constitutional amendments.

In a few counties only will there be a full vote.

In the negro counties of New Hanover, Warren, Halifax, Edgecombe and Craven, we shall expect heavy majorities against them, of course, as the Radical representatives from these counties, with the exception of Craven, voted against them in the Legislature.

In this county, the amendments were made party issues at the polls, notwithstaning the fact that Senator Harris and Representative Badger supported them in the Legislature.

We believe the white Republicans in the West will very generally support the amendments, and if so they are adopted, in spite of the negro opposition.

The vote on the constitutional amendments in Wake demonstrates the fact that the negroes are as much as ever blinded by party venom, and that no ray of political enlightenment has yet entered their prejudiced minds.

HANGING A PLAYMATE.—Three boys, residing at Oswego Falls, New York, were playing in a grove last week, when two of them became angry at the third and determined to hang him. They selected a convenient limb and strung their unhappy victim mercilessly in mid air, and then sat down to see him die. But the victim did not intend giving up the ghost so readily, for he clung to the rope tenaciously, and struggled vigorously to free himself. At length one of his tormentors became impatient. The victim did not die quick enough for him; so instead of awaiting the gradual approach of the grim monster, he determined to expedite matters, and started to a house near by to borrow an axe with which to cut off the victim's head. The neighbor, learning what the axe was wanted for, alarmed his neighborhood, and among them the victim's mother, and they all rushed to the grove and cut down the yet struggling boy.

DONALDSON THE BALLOONIST.—A friend of Donaldson received a letter from him on Saturday, of which the following is a copy: "I have just returned from Troy, N. Y., with a paper canoe fourteen feet long, and weighing fifty three pounds and a half, which I am to take with me on the coming balloon trip across the ocean. In case the air-ship fails to carry the four of us constituting the crew, three people will take the life-boat, and I am to stick to the balloon as long as it remains in the air, and if it fails to retain its buoyant power I shall then cut loose with my canoe the instant the balloon strikes water. Should this be the last resort, I can then bid the rigging of the air-ship farewell and paddle my own canoe towards the European shore."—*Weschester (Pa.) Local News.*

JUDGE BOND AT CAPE MAY.—Judge Bond, United States Circuit Judge for the Carolinas, Virginia and Maryland, is at Congress Hall, Cape May. He states that the Lewis faction in Virginia has become unpopular by giving $45,000 worth of offices to that Senator's relatives, thinks North Carolina destined to be the most prosperous Southern State, and believes that the republicans will carry Maryland and send Creswell to the Senate.—*Cape May Cor. N. Y. Herald.*

A life of the Emperior Napolean III is being prepared by Mr. Blanchard Jerrold, with the special sanction of the Empress Eugenie. The first part, illustrated with portraits from the family collection, may be expected in the autumn.

Hon. Matthew Gaines, a colored Senator of Texas, will be absent from his seat at the next session of the Legislature, unless pardoned out of the penitentiary, where he pines at present for bigamy.

Odger, the English republican, has become a bankrupt through his efforts in behalf of liberty. His liabilities are $4,800 and his assets $30. He is a cobbler by trade, and he lost his money by disregarding the proverb.

The Sultan's second son, Prince Mahmond Djeleleddin, has been promoted to be a Rear Admiral in the Turkish navy. The new admiral is eleven years old.

SPECIAL NOTICES.

BILLOUS.—If you feel dull, drowsy, debilitated, despondent, have frequent headache, mouth tastes badly in morning, irregular appetite and tongue coated, you are suffering from Torpid Liver or "Billiousness." In many cases of "Liver Complaint" only a part of these symptoms are experienced. As a remedy for all such cases, Dr. Pierce's Golden Medical Discovery has no equal, as it effects perfect cures, leaving the liver strengthened and healthy. Sold by all first-class druggists.

How unnecessary the anguish many persons undergo from rheumatism, gout, neuralgia, toothache and earache. We say unnecessary because the application of Mexican Mustang Liniment to the affected part, or a few drops of it in the ears or tooth, affords instantaneous, and what is better, permanent relief. For cuts, wounds, bruises, swellings, and all injuries or diseases which require treatment externally, this liniment is everywhere regarded as the most potent and reliable healing agent in existence. For all external injuries or ailments of horses and cattle, it is infallible.

His Honer, HENRY POTTER, late Judge of the United States Court for the District of North Carolina, gave the following as his opinion of Beckwith's Pills:

"For some ten or twelve years past I have been in the habit of using DR. BECKWITH'S ANTI-DYSPEPTIC PILLS in my family, and consider them so valuable a domestic medicine, that I never suffer my stock to be exhausted. I have used them with good effect in dyspeptic cases, under various modifications, and have found them efficacious in relieving from Sick Headache, and from all the usual symptoms of functional derangement of the viscera. As an aperient, they are excellent. I have long had the pleasure of an intimate acquaintance with the inventor of these Pills. He is a gentleman of talents, integrity and worth, and he ranks high in the science of medicine and the healing art.

H. POTTER."

SATURDAY .....AUGUST 9, 1873.

NORTH CAROLINA.

Piedmont Springs has a large number of visitors.

Wilmington is still blessed with a plentiful supply of musquitoes.

The new church at Mount Tabor, Orange county, is nearly completed.

This year Goldsboro was the first to supply New York with strawberries.

Tomatoes are selling in the Wilmington market at 20 to 25 cents per peck.

Over 700 persons participated in the recent excursion from Greensboro to Salem.

Scuppernongs have been seriously affected this year and are likely to be scarce.

N. H. Shaw, on Wednesday, qualified as one of the deputy sheriffs of Wilmington.

According to law, Hardy Jones, col., should have been hanged in Newbern yesterday.

The Goldsboro Fair Ground property will be sold on Monday under foreclosure of mortgage.

G. W. Long, who lives nine miles from Salisbury, recently lost a child by cerebo-spinal meningitis.

Seventy-five thousand pounds of tobacco were sold in Winston, at Nash's warehouse, on Friday of last week.

Winston is mad because Salem is represented in the Board of Directors of the N. W. N. C. R. R. and she is not.

Twenty-nine thousand four hundred and sixty-five bushels of corn were received at Wilmington on Wednesday.

A movement is on foot in Wilmington to organize a white military company under the name of the Cape Fear Rifles.

There is a swindler traveling around the country under the name of Eugene Van Dorn, representing himself to be a son of the Confederate General of that name.

The regatta of the Carolina Yacht Club in Wrightsville Sound, on Wednesday was witnessed by a large crowd. The yacht *Retta* took the first prize, the *Carolina* the second, and the *Little Sister* the third.

Says the Salisbury *Watchman* of the 7th inst: Dr. I. W. Jones, of Rowan county, was called in to see three patients (col.) at one house, aged 93, 97 and 104. The youngest died, the other two recovered. The oldest has been blind for 20 years.

Says the Wilmington *Star* of the 7th inst: "We learn that Anson county was visited by the heaviest rain storm of the season on Monday and Tuesday, doing considerable damage to crops in the lowlands, especially corn, which in many cases was prostrated by the flood. In the vicinity of Abbottsburg the rain was also very heavy, but at intermediate points on the Carolina Central road the quantity was not beyond the requirements of the season."

Says the Wilmington *Journal* of the 7th inst:

"Four of the five men charged with an assault on Mr. J. A. Edwards at Rosindale, last Saturday evening, an account of which we published on Tuesday, have been arrested and an examination into the affair was to have been had yesterday afternoon, at 2 o'clock. The fifth of the assailants has not yet been apprehended. Mr. Edwards has employed two able lawyers to conduct the prosecution."

In regard to the crops in the Flat River section, Orange county, the *Torchlight* says:

"The planters of Flat River feel quite gloomy. The severe drought has injured their prospects for a crop *very* materially; the corn is badly twisted, and does not look as if it could last much longer without refreshing showers. The tobacco prospect is still more gloomy, there cannot be more than half a crop made with the best of seasons. And we learn that the prospect is but little if any better in Granville."

[Correspondence Daily News.

MOUNTAIN HOTEL,
Morganton, N. C., Aug. 6, 1873.

Messrs Editors:—You see from my caption that I have left the enchantments of Asheville and its environs, and although homeward bound, could not resist the temptation of stopping at this most charming town so long celebrated for its beautiful mountain scenery, healthfulness, intelligence and refinement.

I am most pleasantly situated in No. 3 of the long ell, attached to the Mountain Hotel, and I would advise all pleasure-seekers and invalids going further west, to spend a week or more here. Mine hostess and host, Dr. J. M. Happoldt, and his accomplished wife, know what is needed to make a traveller feel comfortable and at home—how to increase their appetite to such a degree as to cause a modest man to feel abashed when he leaves their table, so elegantly and bountifully supplied with the choicest and best cooked food to be found in the mountains or lowlands of the Old North State.

Dr. Happolds' ostensible business, although the proprietor of the hotel, is the practice of medicine in which he takes great pride.

I have been much interested by a peep into his admirably arranged office, and apartments thereunto belonging and contiguous to the Hotel, but more particularly with his wonderful apparatus, known as the vacuum or air treatment for dry cupping, consisting of chambers or cups of sufficient capacity to envelope any part, or the whole of the human body, the face excepted, to which is attached an air pump, a gauge by which a partial vacuum around the body, the face excepted, or any portion thereof is created with the most astonishing results.

The Doctor has been successful in curing various forms of paralysis, rheumatism, spinal disorders, and other affections that medicines alone have failed to do. The most remarkable of which, that I now remember, was Mr. Wm. E. Mills, of Polk county, N. C., who for three years was unable to walk by reason of a disease called paraplegia.

Morganton does not present as fine appearance as I had supposed. I have rarely seen a town in the State where there has not been more striking indications of a recovery from the losses occasioned by the late season, excessive taxation and their attendant discouragements. I see a number of lots, the buildings and shubbery on which tell the stranger that the decaying mansion, yard and garden, now usurped by rank weeds and undergrowth, was once the abode of wealthy and prosperous persons.

There are comparatively but few stores, and seemingly an absence of the energy and wealth required to develop the wonderful natural advantages of this locality and the surrounding country. A few are interested in prospecting for minerals, and most beautiful and rich specimens of gold, copper, iron asbestos, umber and ochres have been shown me, and this could be made a grand depot for mineral paints of every color and variety, lead excepted, as nature has most bountifully provided all that is needed but money and judicious activity.

The climate is bracing, except from 3 to 5 P. M., when it is quite warm in the sun. It is now 5 P. M., and the thermometer stands 76°; but the temperature during the night and morning might be better understood could you hear the servant knocking at your door to know "if you had kiver enough," or "wanted a fire?"

As most of your readers know, this is the abode of Gov. Caldwell, now enjoying a short respite from the cares of his office in the bosom of his family and society of his old neighbors and friends. His mansion and the grounds thereunto belonging are pleasantly situated and attractive. He looks remarkably well and is seemingly happy.

I find among the sojourners, Judge W. J. Clarke, and his accomplished wife and their son and daughter. Mrs. Clarke has furnished the *Baltimorean* with occasional discriptions of what she has seen, felt and enjoyed in the mountains. Her last letter describes a recent visit with a party including Mr. Rufus Morgan, (the Sterescopist,) to Linville Falls and vicinity, and every lover of the Old North State should send to Mr. Morgan for a variety of his splendid views of mountain scenery which portray several hundred localities, and may be had at his office in this place. He will furnish 50 views and stereoscope for $10.

A very large increase of visitors from the low lands is expected after the election. The people on this line of the Railroad are very solicitous about its completion, to or beyond Asheville.

Those with whom I have conversed, do not seem to care who builds the road, or who makes money thereby so they get facilities for sending their products to market, and have opportunity to sell surplus lands. Have we not some man or men of sufficient influence to harmonize conflicting interests, and gratify our Western people with the completion of their long cherished desires, in having Railroad facilities? If so, they have not a moment to spare.

I have travelled extensively in other States, and seen much in these mountain ranges to inspire increased reverence for Deity, and have enjoyed the hospitality of many of its best citizens, for all of which I feel exceedingly grateful, and shall cherish pleasing recollections; but after all I have said, there is no place for a permanent home like our "City of Oaks"—no place has so many attractions for me. It is the most beautiful city I ever saw; contains the cleverest people in the world; no locality is more healthy; none afford better schools or greater incentives to piety; church privileges; usefulness in the walks of life; the acquisition of wealth and honorable distinction. I expect to make it my home so long as the good Lord permits me. You may hear from me again before getting there.

Yours truly, PETER.

Imitation meerschaum pipes are now made out of potatoes soaked in diluted sulphuric acid, and afterwards dried under great pressure.

I have used Dr. Simmons' Liver Regulator in my family for Dyspepsia and Sick Headache, and regard it as an invaluable remedy in these attacks. It has not failed to give relief in any instance.

REV. W. F. EASTERLING,
Florida Conference.

SATURDAY.....AUGUST 9, 1873.

CASABIANCA OF THE PERIOD.

He came—the issue of his sire,
With all the charms that youth can lend,
And sat beside the kitchen fire,
While mamma fed the infantile fiend.

She turned the pockets inside out,
And forth came apples, among things;
And all the region round about
Were strewn with marbles, fish-hooks, strings.

A dirty handkerchief some gum,
Fragments of cake, a dosed mite,
A photograph that had become
The worse for wear—that pugnacious kite.

So thought the matron in dismay,
And with intention to destroy,
Thrust in the stove such cards as they
Who play at euchre would employ.

But quick, the boy through smoke and flame,
Grabbed them, nor cared for burns a speck;
And like young Casa—what's his name?
Trod bravely on the burning "deck."

DIABOLICAL WEAPON.—A man was hanged the other day at San Francisco for murder with a weapon of a peculiarly dangerous and for a long time mysterious nature. This is a sand club, formed by filling an eel-skin with sand. When this instrument was first brought into the authorities were greatly puzzled by deaths, apparently from violence, yet no marks could be found on the outside of the body. A burglar was finally captured with a sand club in his possession made out eel-skin stuffed with sand. Being closely questioned, he explained its use. When the victim is struck, for instance, on the head, he drops insensible, and soon dies from congestion of the brain. Often the skull suffers no injury from the stroke, and if the person struck recovers sensibility he gradually relapses into a condition of idiocy. Sometimes a man struck in the body will be knocked down by the peculiar force of the blow and feel no immediate results from it. In a few weeks, however, the flesh will begin to mortify under the line of the blow and rot down to the bone. Heller, the celebrated pianist, is supposed to have met his death in Mexico from a stroke of this diabolical weapon.

Mrs. A.—"So sorry I couldn't keep my appointment with you yesterday, dear, but I had to go to the fete, you know, it was *too* delightful. The Shah was there." Mrs. B.—"Oh, yes, I know. I saw you there." Mrs. A. (confused.)—"Indeed?" Mrs. B. (triumphantly)—"Yes, as I drove by you were standing in the crowd." Exeunt separately.—*Fun.*

SIMMONS' LIVER REGULATOR is acknowledged to have no equal as a

LIVER MEDICINE.

It contains four medical elements, never united in the same happy proportion in any other preparation, viz: a gentle Cathartic, a wonderful Tonic, an unexceptionable Alterative and a certain Corrective of all impurities of the body. Such signal success has attended its use, that it is now regarded as the

Great Unfailing Specific,

for Liver Complaints and the painful offsprings thereof, to wit: DYSPEPSIA, CONSTIPATION, Jaundice, Bilious attacks, SICK HEADACHE, Colic, Depression of Spirits, SOUR STOMACH, Heart Burn, &c., &c.

NORTH CAROLINA ALMANAC, 1873

Calculated by Dr. Craven, and compiled by L. Branson, printed on fine-sized and calendered paper, neatly and elegantly.

It contains many useful recipes, much valuable statistical matter, and many

items. It is emphatically an AGRICULTURAL ALMANAC. It is different from every other Almanac; has been published a number of years and sold successfully.—It is, we think, certainly as good if not better than any other.
